YUKON BUREAU OF STATISTICS

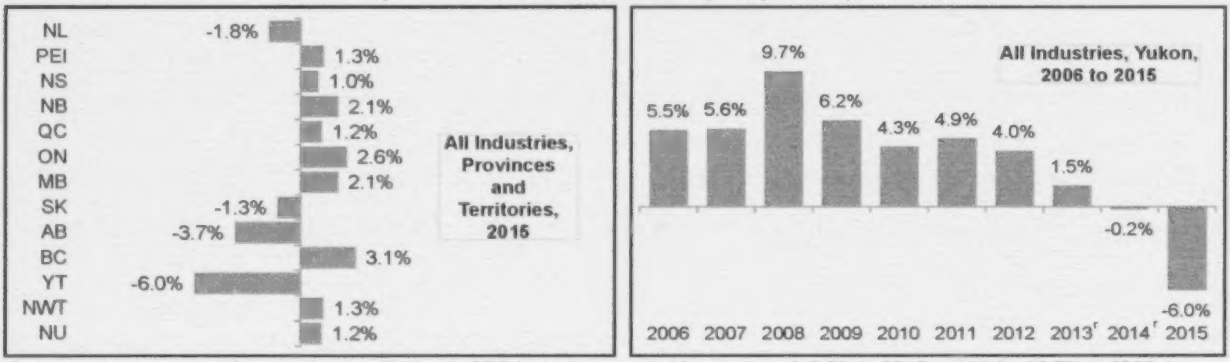
Yukon Monthly Statistical Review
November 2016

Highlights:

- In September 2016, the number of beneficiaries receiving employment insurance in Yukon was 780, an increase of 30, or 4.0%, compared to September 2015.
- Comparing November 2016 to October 2016, the unemployment rate for Yukon decreased 0.4 percentage points to 5.0%. This was the lowest unemployment rate in Canada and 1.8 percentage points lower than the Canadian average (6.8%).
- Year-to-date (January to September), Yukon's retail sales increased by $33.7 million, or 6.5%, compared to the same time period in 2015.

New publication this month:
Gross Domestic Product (GDP) by Industry at Basic Prices, 2015

Growth Rates of GDP by Industry
(based on real GDP in chained (2007) dollars)



Over the past ten years, the growth rate of Yukon's GDP by industry varied from a low of -6.0% in 2015 to a high of 9.7% in 2008. In 2009 through 2012, the high growth rate continued with an overall declining trend. The growth rate slowed down in 2013 and became negative in 2014.

Note: *The current calculation of GDP is based on the input-output structure of the economy in 2013 (benchmark year). Substantial revisions in subsequent years can occur due to updated benchmark year. Please see endnote 2 on page 8.*

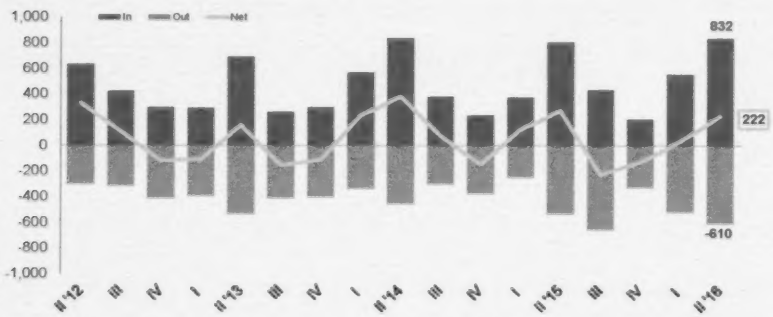
1.4 Migration Estimates*



*Please see table endnotes on page 12. *Source*: Statistics Canada. Tables 051-0017, 051-0037, CANSIM.

In the second quarter of 2016, Yukon experienced a **net gain** of 222 people; 149 were gained through international migration and 73 were gained through interprovincial migration.

Of the interprovincial migrants, **net gains** were seen from:
- Northwest Territories (+64)
- Saskatchewan (+50)
- Quebec (+28);
- Newfoundland (+16);
- Nova Scotia (+13); and
- Nunavut (+5).

Conversely, **net losses** were seen to:
- Alberta (-27);
- New Brunswick (-27);
- Ontario (-25);
- Prince Edward Island (-11);
- British Columbia (-10); and
- Manitoba (-3).

*Please see table endnotes on page 12. *Source*: Statistics Canada. Table 326-0020, CANSIM.

In October 2016 on a **year-over-year** basis, the Consumer Price Index for Whitehorse increased 1.3% (figures for Yukon are not available); 0.2 percentage points lower than that for Canada (1.5%).

Major contributors to the year-over-year **increase** were the prices of:

- Rent;
- Homeowners' replacement cost.; and
- Inter-city transportation

Some of these year-over-year increases were offset by **decreases** in the prices of:

- Gasoline
- Fuel oil and other fuels; and
- Traveller accommodation.

On a **month-to-month** basis, from September 2016 to October 2016, the consumer price index for Whitehorse (figures for Yukon are not available) increased 0.2%.

Major contributors to month-to-month **increases** were the prices of:

- Fuel oil and other fuels;;
- Fresh fruit; and
- Furniture.

Major contributors to month-to-month **decreases** were the prices of:

- Traveller accommodation;
- Inter-city transportation; and
- Fresh vegetables.

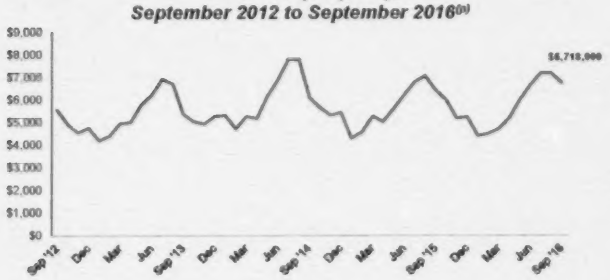
4.3 Food Services and Drinking Places

Total Receipts ($000);
September 2012 to September 2016[p]



Source: Statistics Canada. Table 355-0006, CANSIM.

Did you know?

According to Statistics Canada *Christmas trees... by the numbers*, cash receipts (current dollars) for fresh-cut Christmas trees in Canada in 2015 showed a value of $78.4 million, an increase of $14 million, or 21.6% compared to 2014 ($64.4 million).

Source: CANSIM table 002-0001

Comparing September 2016 to September 2015, total receipts for food services and drinking places in Yukon increased by $312,000, or 4.9%; Canada's total receipts for food services and drinking places increased 8.2%.

5. Rental Units

These figures are derived from the Yukon Rent Survey which, as of 2014, is now conducted on a semi-annual basis in April and October. Prior to 2014, the survey was conducted on a quarterly basis and only included buildings with 3 or more rental units (4 or more rental units prior to 2012). Although the methodology of the 2014 survey includes all types of buildings with rental units (displayed in table 5.1), the Yukon Bureau of Statistics continues to generate data for buildings with 3 or more rental units for historical comparisons (displayed in 5.2 and 5.3).

5.1 Median Rent, Total Units and Vacancy Rates*; for Units in All Types of Buildings with Rental Units, Yukon, April 2016

x = suppressed. ... = not appropriate/ applicable.

† Use caution when analyzing data due to high variance or a small number of rental units within the category.

[1] Duplex includes single detached houses with a legal rental suite.

[2] Buildings with five or more rental units.

[3] Store-top units are residential units in buildings which primarily contain commercial space.

[4] Effective April 2016, "Other" includes garden suites and cabins.

[5] Numbers may not add up to the total due to rounding and vacancy rates may have been affected by small number of units.

Did you know?

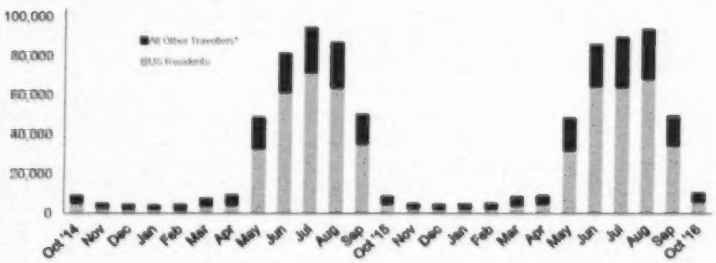
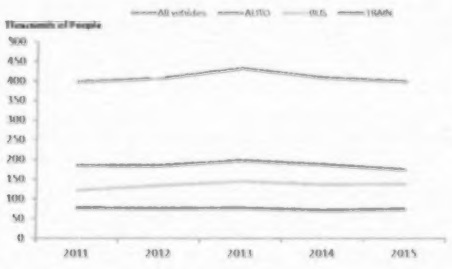
Yukon's year-to-date (January to September 2016) aircraft movements totalled 39,795 an increase of 4,001 movements, or 11.2% compared to the same time period in 2015 (35,794).

Of the 399,064 travellers who entered Yukon by land through Canada Border Services (CBS) ports of entry between January and October 2016:

- 68.5% entered through Fraser (Skagway, AK to Carcross);
- 18.3% through Beaver Creek;
- 9.4% through Pleasant Camp (Haines, AK to Haines Junction); and
- 3.7% through Little Gold (Chicken AK to Dawson City).





Endnotes

1. Population
   1.1 & 1.2 Population counts are as of the last day of given month. Due to rounding, the sum of columns may not equal total given.
   1.2 *Other* includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.
   1.4 Migration estimates are based on both international and interprovincial movement into and out of Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment
   2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. Monthly figures from the Labour Force Survey are three-month moving averages based on 92% coverage and are seasonally adjusted, which refers to the technique of adjusting raw figures to remove seasonal movements; however, annual figures are unadjusted.
   2.2 Yukon, Northwest Territories and Nunavut are not included in the Canadian unemployment rate.
   2.3 *Public Employees* are those who work for: a government at the federal, provincial, territorial, municipal, First Nations or other Aboriginal government level; a government service or agency; a Crown corporation; or a funded establishment such as schools (including colleges/universities), hospitals and public libraries. Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All monthly Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.
   2.4 & 2.5 Unclassified businesses' employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defence services.
   2.6 *All types* includes people receiving regular, work-sharing, fishing, and special benefits. *Regular* benefits include people receiving regular income support benefits, whether or not they are participating in one of three employment benefit programs, namely Skills Development Program, Job Creation Partnerships Program, and Self-employment Program. *Special* benefits includes people receiving sickness, maternity, parental, and compassionate care benefits.
   2.7 A value of "0" represents one of the following: 1) value is actually zero; 2) value may be rounded to zero; or 3) value is more than zero but is suppressed for confidentiality reasons. Communities are displayed by census subdivisions (2011 Census boundaries). For some communities, census subdivision boundaries may not align with municipal boundaries.

3. Consumer Prices
   3.1 & 3.2 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities.

4. Trade
   4.2 *Total* includes additional North American Industry Classifications (NAICS) data which are not displayed, including: Motor Vehicles and Parts Dealers; Clothing and Clothing Accessory Stores; Sporting Goods, Hobby, Book and Music Stores; General Merchandise Stores; and Miscellaneous Store Retailers.

5. Rental Units
   5.1, 5.2 & 5.3 These figures are derived from the Yukon Rent Survey which, as of 2014, is now conducted on a semi-annual basis in April and October. Prior to 2014, the survey was conducted on a quarterly basis and only included buildings with 3 or more rental units (4 or more rental units prior to 2012). Although the methodology of the 2014 survey includes buildings with 1 or more rental units (displayed in 5.1), the Yukon Bureau of Statistics continues to generate data for buildings with 3 or more rental units for historical comparisons (displayed in 5.2 and 5.3).

6. Real Estate
   6.1 *Total* includes residential lots and multiple-residential sales, which are generally too low to release due to confidentiality requirements, and non-residential sales (commercial and industrial properties). For further explanation, contact Yukon Bureau of Statistics.
   6.3 *Total* includes residential lots and multiple-residential sales, but excludes non-residential sales (commercial and industrial properties).
   6.5 *Bank Rate* figures are from the last Wednesday of the month.

7. Construction
   7.1 Rounded data may not sum to totals.
   7.1, 7.2 & 7.3 Yukon totals, beginning with January 2013, are calculated by the Yukon Bureau of Statistics, based on building permit data received from Yukon Community Services and City of Whitehorse. Yukon data prior to January 2013 is exclusively from Yukon Community Services.
   7.3 Does not include new or converted dwelling units in commercial or industrial properties.

8. Resources
   8.1 All prices are in US dollars. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

9. Transportation
   9.1 As of September 2012, all aircraft movement figures, with the exception of Whitehorse, are now received from Yukon Highways and Public Works, Aviation Branch. As such, data published since September 2012 cannot be compared to figures in earlier issues of the Yukon Monthly Statistical Review.
   9.2 This table only includes persons entering Yukon by land at Canada Border Services Agency ports of entry. Travellers entering Yukon through all other roadways are excluded, as are persons entering by air and water. Although there is no permanent Canada Border Services land port of entry in Dawson City, special annual international events between Yukon and Alaska, namely Yukon Quest and Trek Over the Top, require participants to cross the border by land. For border crossing purposes, participants in Yukon Quest are counted as pedestrians while participants in Trek Over the Top are counted as crossings by automobile. *Please note*: Fraser and Pleasant Camp border crossings are included in totals even though there is the possibility that these persons may never physically enter Yukon.
